Moira Wong  
ORTHODONTICS

I am very happy with the results, my confidence has massively grown.

I approached Moira Wong Orthodontics because she came highly recommended by my dentist.

Moira helped me throughout the whole treatment, starting at the initial consultation clearly explaining the step by step process.

One thing I like about Moira is how she has a natural gift of making one feel relaxed, take interest in your welfare and a true professional in her field. I never once dreaded my regular visits, if anything I looked forward to them.

I would recommend Moira to people who like a five star service

Thank you Moira and all the friendly staff.

Carmel.
